

# ICD-10 Readiness Assessment and Implementation Schematic

# ACS ICD-10 Preparation and Training Schedule

## ICD-10 Planning and Awareness Education:

*Available now!*

- Meetings with key stakeholders to identify preparation and implementation needs:
  - ICD-10 leadership team
  - HIM / Coding / IT Managers
  - Coders

## Introduction to ICD-10:

*Available now!*

- Each inpatient handbook chapter and CDI educational module includes tips for implementation and documentation requirements for ICD-10. The handbook also includes an ICD-10 anatomy assessment.

## Introduction to ICD-10 E-Learning:

*Available summer 2011 thru 12/31/12*

*Begin now to increase your understanding of ICD-10*

- **Module 1: Introduction to ICD-10-CM** (*Includes tips for ICD-10 readiness*)
- **Module 2: Introduction to ICD-10-PCS**

## ICD-10 Documentation Gap Analysis:

*Available 5/1/2012*

- Evaluating the adequacy of documentation for ICD-10 coding.
  - Analysis of ICD-9-CM coding reports
  - Review / ICD-10 coding of targeted sample of 50 inpatient records

## ICD-10 Coder Training via E-Learning:

*Available 1/1/2013*

*in conjunction with AHIMA recommendations for training 6-9 months prior to 10/1/2013 go live.*

- E-learning courses for ICD-10-CM and ICD-10-PCS provide unlimited access for the user to self-paced review of lessons throughout 2013.
  - **E-learning for ICD-10-CM**  
*(participant responsible for obtaining ICD-10-CM coding manual or encoder software)*
  - **E-learning for ICD-10-PCS**  
*(participant responsible for obtaining ICD-10-PCS coding manual or encoder software)*

## ICD-10 Advanced Coder Training: Training provided in your facility!

*Available 1/1/2013*

*in conjunction with AHIMA recommendations for training 6-9 months prior to 10/1/2013 go live.*

- **In-depth hands-on training for ICD-10-CM**  
(2 days–up to 25 participants)
- **In-depth hands-on training for ICD-10-PCS**  
(3 days – up to 25 participants)

## ICD-10 Physician and Data User Training:

*Recommended for 2013 delivery, although key participants should also be involved in ICD-10 awareness education and e-learning available now.*

- Introduction to ICD-10; abbreviated sessions 1-2 hours in length designed to meet the needs of the targeted user. Presentations are available for physicians, billers, case management / UR staff, quality / performance improvement staff, medical staff credentialing and others responsible for analysis of coded diagnostic data or DRG-based reports.

## Post-Implementation Audit:

*Available after 10/1/2013*

- Audit of 20 records per coder to assess accuracy of ICD-10 coding
