Provider documentation is key to reporting accuracy!

**COVID-19 is supported by any of the following provider documentation:**

- **Positive COVID-19**
- **2019 novel coronavirus disease**
- **Coronavirus-19**
- **COVID-19**

**Document use of medication or convalescent plasma when used to treat COVID-19.**

**Documentation should distinguish between:**

- **Acute manifestations of current active COVID-19 infection**
- **Residual effects from previous COVID-19 infection**
- **Personal history of COVID-19 without residual effects**
